for Humanity®
Greater San Francisco

2023
**WOMEN
BUILD**

2023 WOMEN BUILD

Women Build is one of Habitat for Humanity Greater San Francisco's signature build events. It is a celebration of women's strength and their contributions to Habitat GSF's mission, and a way to bring our community together to build a stronger future for Bay Area families.

Building Homes, Raising Critical Funds

In March 2023, with our new development in San Francisco in full swing, Habitat GSF will engage community members and teams like yours in building homes and raising critical funds for affordable homeownership in our community.

Sponsor Affordable Housing

As a sponsor, you can showcase your commitment to affordable housing and community wellbeing while leveraging Habitat GSF's powerful brand to engage your stakeholders. **Join us as a sponsor today as we build change locally together!**

Mobilize Your Employees

Your employees will have a unique opportunity to make a direct impact in the communities where they live and work. Women Build offers your employees fun opportunities to learn new skills, deepen connections with their peers, and carry a sense of lasting impact that comes from building homes and hopes with their own hands by:

- Building new homes
- Constructing playhouses for local children
- Raising awareness about Habitat GSF's critical home repair services amongst homeowners

Connect with our team to discuss 2023 Women Build partnership opportunities
