

# Framing the Future

IMPACTING GENERATIONS

2023

## EVENT SPONSORSHIP PACKET

Habitat for Humanity Greater San Francisco's (Habitat GSF's) mission is to build and sustain affordable homeownership opportunities for families in San Mateo, San Francisco, and Marin counties.

To celebrate our 34 years of service, and to look forward at our ambitious goals for the year ahead, Habitat GSF is thrilled to invite you to our signature fundraising event, Framing the Future. At Framing the Future 2023, we will convene community leaders, business executives, loyal supporters, and companies like yours, who are dedicated to addressing the affordable housing crisis in the Bay Area. We will once again come together to celebrate the incredible strides made over the last year propelling our mission forward.

Connect with community stakeholders for a fun, informative, and inspiring evening that spotlights our collective work in addressing the affordability crisis. As a sponsor, your company will gain visibility for your commitments amongst Habitat GSF's key stakeholders, deepen employee engagement during the event and through accompanying volunteer activations, and make a direct impact towards making homeownership a reality.

Habitat GSF hopes your company will join us in leveraging our shared passion and dedication to mobilize resources to build on our collective progress for the year ahead!

2023
