BUILD**

2024 WOMEN BUILD

Habitat for Humanity Greater San Francisco (Habitat GSF)'s signature event, Women Build, is returning in March 2024! Join us for a celebration of women and their leadership in the Bay Area. Habitat GSF's annual event celebrates women leaders in the greater San Francisco Bay Area and we welcome all to advance building and sustaining affordable homeownership opportunities for low-income families.

Raise vital funds for homebuilding and repairs

Habitat GSF invites your company to sponsor this year's Women Build, taking place throughout March in line with Women's History Month. As a sponsor of this year's celebration, your team will support the most under-resourced solution to the affordable housing crisis in San Mateo, San Francisco, and Marin Counties, permanent affordable homeownership.

Demonstrate your commitment to affordable housing solutions

Your company's commitment to affordable homeownership will be showcased throughout the month across Habitat GSF's channels, spotlighting the contributions of female employees in driving change locally. **Join us as a sponsor today as we build change locally together.**

Mobilize your employees for community action

This signature build is a terrific way to activate women in your company and employee resource groups to make a direct impact where they live and work. Women Build creates meaningful opportunities to learn new skills and strengthen bonds between your employees, and deepen their connection to the greater community by contributing to long-term affordable housing solutions by:

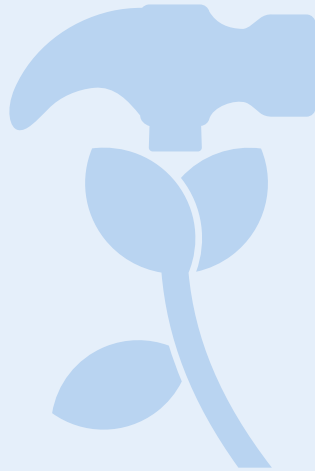

- Constructing playhouses for underserved children and families
- Making critical repairs to existing homes for longtime residents

Connect with our team to discuss 2024 Women Build partnership opportunities
