

Habitat for Humanity Greater San Francisco's Home Repair Services

Offering Major Home Improvements and Repairs for Marin County Residents

Habitat for Humanity Greater San Francisco's (Habitat GSF) Home Preservation Program provides critical, major repairs to support low-income, long-term homeowners living in Marin County.

Habitat GSF's Home Improvement and Repair services address safety, accessibility, and deferred maintenance issues that affect homeowners. Habitat GSF acts as a trusted lender and general contractor and offers a 2% simple interest loan – which you can pay over time, or defer all payments 30 years or until the home is sold. Loan amounts between \$25,000 and \$75,000 are available for home improvement and repair needs.

How this Program Works

- Habitat GSF acts as both the lender and the contractor.
- Habitat construction staff perform the repair work and manage subcontractors.
- Qualified applicants receive a 2% interest loan which you can pay over time or defer for 30 years or until you sell your home and/or your home ceases to be owner-occupied.
- Habitat GSF staff will help you from start to finish.

What is the Process Once I Apply?

1. Submit your application as soon as possible, applications are processed on a first-come, first-served basis.
2. Qualified applicants will have their homes assessed to determine if they have eligible repairs.
3. If you are eligible, we will offer you a 2% simple interest loan which you can pay over time or defer all payments for 30 years in order to fund your repairs.
4. Habitat GSF construction staff will manage every aspect of the home repair.

This program is made possible with support from the County of Marin's Community Development Block Grant program.
