

VETERANS BUILD

2024

VETERANS BUILD

Habitat for Humanity Greater San Francisco (Habitat GSF) invites you to take part in our second annual Veterans Build celebration throughout the month of November. Together, we will engage our veterans, active military service members, their families, and broader community members who support veterans through a month-long celebration honoring their essential contributions to our country and in the SF Bay Area.

Honor veterans while supporting affordable homeownership

Habitat GSF invites your company to sponsor this year's Veterans Build. As a sponsor, your company can engage and honor both veteran employees and service members in the broader SF Bay Area.

Veterans Build creates opportunities to engage your veteran employees and their supporters through dedicated team volunteer opportunities, honoring the important contributions of veterans in their communities during and after their service!

Mobilize your veteran employees and their supporters

- Home Preservation repair projects: your employees can make an impact to prevent displacement of longtime residents by volunteering for critical repair projects to existing homes.”
- Playhouse Builds: join Habitat GSF to build playhouses for underserved daycares, child care centers, and families.

Connect with our team to discuss 2024 Veterans Build partnership opportunities by contacting us at corporate@habitatgsf.org
