**Playhouse Build Edition**

**2026**

**WOMEN  
BUILD**

**Habitat  
for Humanity®**  
Greater San Francisco

# Join Habitat for Humanity Greater San Francisco in March & April for Women Build 2026—our signature event celebrating Women’s History Month and the power of women to lead change in our communities.

This year, Women Build will feature Playhouse Builds, a unique volunteer experience where your team builds and decorates durable children’s playhouses. These playhouses are donated to Habitat GSF families, schools, childcare centers, and local daycares—bringing joy and creativity to children while supporting our mission.

At the end of your volunteer day, your playhouse will be ready for play!  
Habitat GSF provides all materials, tools, and guidance. No experience necessary!

## Event Details

### Who

Women and allies—everyone is welcome!

### What

Habitat for Humanity Greater San Francisco’s Annual Women Build featuring Playhouse Builds.

### Where

The Habitat GSF Warehouse

1320 Egbert Ave, San Francisco, CA 94124

### When

In celebration of Women’s History Month, we are hosting Women Build events throughout March & April, with flexible scheduling.

*Additional scheduling options available depending on sponsor level.*

## Why Women Build Matters

Women—especially heads of household and women of color—face disproportionate barriers to housing stability. Homeownership often feels out of reach due to:

Higher rates of poverty

Gender wage and wealth gaps

Housing discrimination

## Women Build is Housing Justice

At Habitat Greater San Francisco, we know that secure, affordable housing and access to homeownership is transformative and creates impact across generations. Here's what we see firsthand:

**67%** of Habitat GSF homeowners are women

**70%** of our critical repair clients are female heads of household

**51%** of our homeowners identify as women of color

**Our mission** is to build and sustain affordable homeownership for Bay Area families. We do this by constructing new, affordable homes for ownership, preserving existing homes to prevent displacement, advocating for housing policy, and partnering with our communities through programs like Playhouse Build.

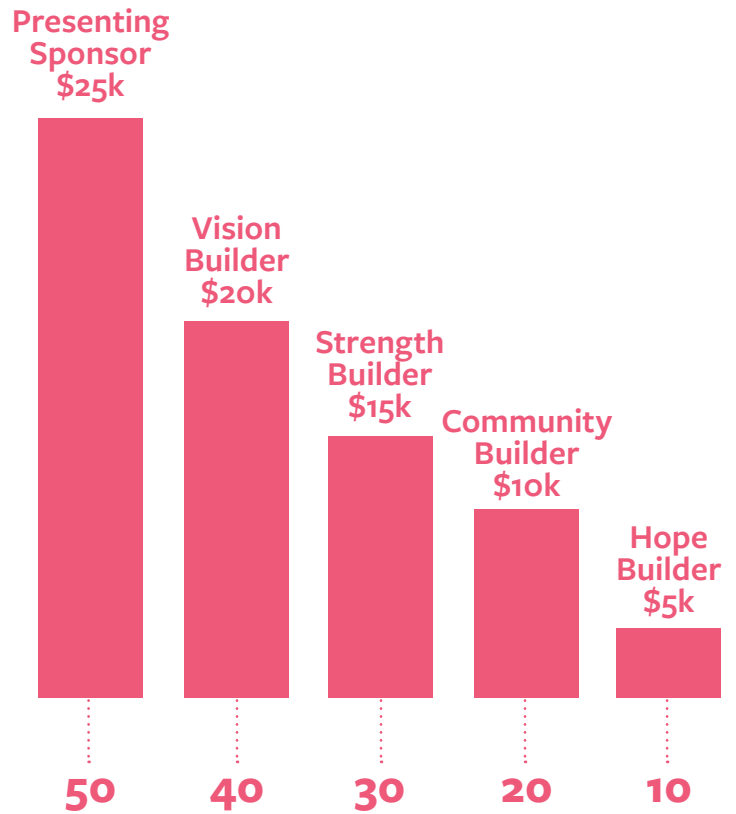

As a Women Build 2026 sponsor, you directly support our homeownership mission. That means helping women and low-income families access permanently affordable homeownership. Your partnership provides your team a hands-on experience to celebrate Women’s History Month and honor and empower the women leaders in your organization. This special volunteer day requires no prior experience and everyone is welcome!
